

FGF Spring Meeting

March 4 - March 6, 2026, Copenhagen

Dear members of the FGF Working Groups Social & Sustainable Entrepreneurship,

We are thrilled to welcome you to Copenhagen in Spring!

Our program will cover a broad range of topics spanning Social and Sustainable Entrepreneurship, with insights from research, teaching, and practical experiences in the field. We will begin on Wednesday at 14:00 with a keynote and a workshop, followed by the popular Paper Development Workshops (PDWs) on Thursday and Friday.

Hosted by Prof. Dr. Anne-Karen Hueske from Copenhagen Business School and Prof. Dr. Svenja Damberg from Aalborg University, we will continue the tradition of offering a social program as well as coffee and tea throughout the workshop days. Please note that participants are kindly asked to arrange their own accommodation and cover the cost of the group dinners we will organize.

As in the previous year, the program will conclude on Friday at 12:00. For those interested in Social Entrepreneurship Education, we invite you to join “Future See,” a special event organized by Prof. Dr. Britta Gossel and Dr. Mona Mirtsch from Eberswalde University for Sustainable Development. As we move forward with the planning, we also warmly invite you to share ideas for potential guests or new formats that could enrich the event.

We look forward to an inspiring exchange with all of you and to creating an event that reflects the vibrant spirit of our community.

Kind regards,

Nicole Siebold, Steffen Farny, Anne-Karen Hueske, and Svenja Damberg
